50X1-HUM

In mid-March 1964, the Sassnitz Trelleborg ferry was berthed in the eastern harbor basin at Sassnitz. On the land split west of the ferry berth there is a glassed-in oval-shaped structure built on posts, which houses customs, etc. clearing offices (Abfertigungsgebaeude). From this building there is a direct connection with the new road leading to the city of Sassnitz. 50X1-HUM
